### Women's Institutes Hold 36th Annual Conference

(Contributed)

The 36th annual conference of the Alberta Women's Institute of the Little Bow Constituency was held in the Barons Community hall on June 23 with 55 members present. The theme was: "The time to be kind is now. The place to be kind is here."

Mrs. J. A. MacQuarrie of Barons, the Constituency convener presided with Mrs. Morley Scobie of Kirkcaldy acting as secretary. Mrs. Wiestra was pianist.

The conference opened with the singing of O Canada. The creed was read by Mrs. A. W. Maisey of Kirkcaldy. W. I. flag salute by Mrs. Hobbs, Barons W. I. and the devotion by Mrs. Crowe of Barons. Mrs. Lyon of Barons gave the address of welcome, replied to by Mrs. C. Brown of Good Deeds W. I. Mrs. W. R. Ford, District Direct or of No. 5 was welcomed by Mrs. MacQuarrie.

The minutes of the 1953 conference were approved as read.

Business arising from the minutes concerned the resolution that the annual meeting be changed from December to May. Mrs. Ford reported that this resolution was voted down at the council because there was no time for the provincial officials to prepare reports for the provincial convention in May, as it requires several months to compile reports from nearly 300 W. I. branches in Alberta. It was decided, however, to let all reports cover the period from December to December to save work for the secretaries. The standing committee reports will be from conference to conference.

Report of Good Deeds W. I. was given by Mrs. Dennison; Reid Hill by Mrs. Myers; Kirkcaldy by Mrs. MacQuarrie.

## Respect For Law Cuts Accidents

"Respect for the law is the key-stone of traffic courtesy," Magistrate W. A. Shields of Vulcan said today.

Magistrate Shields made that statement in connection with the courtesy "Code of the Road" traffic safety program which was introduced locally by Mayor Mayor W. D. Allan in a press interview.

The Magistrate said that respect for the law simply means respect for the rights of others, and that this, basically, is a good manner—or courtesy.

"And the importance of courtesy in avoiding traffic accidents and making our streets and highways safe for drivers and pedestrians cannot be overemphasized," he said.

Magistrate Shields said that the program had resulted from the Premier's Highway Safety Conference of May 19th at which more than 700 delegates had enthusiastically endorsed an Action Program to reduce accidents.

Continuing his discussion of respect for the law as basic to courtesy, the Magistrate pointed out that a major expression of respect for law is observance of the "Signs of Life," the signs, signals and pavement markings which state the law and warn of traffic dangers.

"But true courtesy goes beyond the strictly legal aspect of the traffic problem," Magistrate Shields said.

"There is a type of traffic courtesy which is not always covered by law, and offenders of this type of courtesy seldom, if ever, reach the courtroom as the result of such an offense. Yet, they too, can cause accidents."

Some examples of courteous acts which legislation does not cover, the Magistrate said, are pausing to let a car swing into your lane of traffic from a parking space, and waiting at an intersection to allow an impatient motorist to go ahead, even though you have the right of way.

"Such actions mean sharing the road with others, and sharing is courtesy," he said. "Failure to give other drivers these courtesies may contribute to chance-taking on their part, and chance-taking leads to accidents."

"To make a life-saving contribution to safety, and to courtesy," Magistrate Shields said, "remember, and act on, the slogan of this important safety program, 'Make Courtesy Your Code of the Road.'"

## Smith - Scotney Wedding Rites

A quiet but pretty wedding was solemnized Sunday, June 20 at 4 o'clock when Phyllis Margaret, only daughter of Mr. and Mrs. Norman Scotney, Vulcan, was united in marriage with Jack Herbert Smith, youngest son of Mr. and Mrs. Harry Smith also of Vulcan. Rev. J. C. E. Reuss, pastor of the church officiated.

The occasion also marked the 24th wedding anniversary of the bride's parents.

Given in marriage by her father, the bride entered the church to the strains of the Wedding March played by Mrs. W. W. Almond. She was attired in a light blue suit, with which she wore white accessories and a corsage of red roses. A matched ear-ring and necklace set, a gift of the groom complimented her ensemble.

Mrs. Merle Smith, as matron of honor, also chose a blue suit with pink accessories and her corsage was of pink roses.

The groom was attended by his brother, Merle as best man. Invited guests were escorted to their places by Reg Scotney, brother of the bride, as usher. The altar of the church was decorated with bouquets of white and mauve lilies and tall white candles.

"During the signing of the register Einar Kumlin sang 'The Voice That Breathed O'er Eden.'"

Following the ceremony a reception for 30 relatives and close friends was held at the home of the bride's parents, with Mrs. Irma Middleton and Mrs. Reta Thomas in charge of all arrangements. The bride's table was centered with a three-tiered wedding cake, surrounded by apple blossoms, and flanked by tall white tapers and bouquets of tulips. A profusion of lilies, tulips and glads were used also to decorate the reception room.

Receiving with the bridal couple were the mothers of each. Mrs. Scotney chose for her daughter's wedding a beige and brown suit and accessories to match and she wore a corsage of Talisman roses. The mother of the groom was attired in a teal blue suit, with white accessories and a corsage of pink roses.

Rev. Reuss proposed the toast to the bride, which was very fittingly responded to by the groom.

After a short honeymoon, Mr. and Mrs. Jack Smith will make their home in Vulcan.

### Two More Wins Keep Elks At Top in League Baseball

Granum White Sox and Vulcan Elks powered their way to the finals of the first annual eight-team baseball tournament, sponsored by the Vulcan Elks, last Thursday and Friday. The final game, scheduled for Saturday evening, was rained out and will be played Wednesday, July 14, when a double-header will be played here against Granum, the first game at 1:30 p.m. being a regular league fixture and the tournament final for top money of \$200 starting at 5:30 p.m.

In the opening game Thursday Granum outclassed Foremost Braves by an 11-2 score and in the second game Picture Butte bounced Carlsbad All Stars 6-2. In the final game of the day, Joe Jankola pitched the White Sox to a 16-9 victory over the Picture Butte Indians.

## First Win For Little Leaguers

Back games in the Little League baseball schedule are now being played, with hopes of getting the games completed as soon as possible and before too many boys go away on holidays.

Vulcan Tigers tasted their first victory by defeating Brant 10-3 last week. Wylie went all the way for Vulcan's win while Andrews and Anderson pitched for Brant.

Champion defeated Barons by a score of 17-1 in a regular league fixture on Friday, with Champion batsmen coming up with three homers.

Tuesday of this week Vulcan visited Champion and after being down 17-0 came back to make a good game of it by dropping a close 17-11 score. Both teams used three pitchers: for Champion, Racher, Vaage and T. Rhodes did mound duty, while Vulcan used Wylie, Erickson and Schneider.

## Church Group Honors Bride

The ladies of the Church of Christ gathered together at the home of Mrs. J. Chapman on Friday evening to honor a recent bride, Mrs. Jack Smith, nee Phyllis Scotney.

The evening was spent in many contests: demonstrating to the bride that there is work to be done each day of the week as a housewife. Among the things demonstrated were washing, ironing, sewing, cleaning, and baking. Then on Saturday, shopping day, Mrs. Jack Deans presented Phyllis with a beautiful sofa pillow and rug on behalf of the church ladies. Phyllis graciously thanked the group for their gifts.

Following the presentation of the gifts a few choruses were sung depicting Sunday, and the ladies joined hands in a friendship circle to sing "Blest Be (Thee) That Binds." Mrs. Deans closed in prayer.

To finish the enjoyable evening Mrs. J. Chapman, Mrs. Nelsie Robertson and Mrs. Frank Chow served a very delicious lunch.

ory of the late W. Lewellyn Seaman.

The preface reads: "Presented to the Vulcan Library in memory of Lew Seaman, a pioneer farmer in the fullest meaning of these words. From the time he fled on his homestead until he retired and turned the land over to his son, Mr. Seaman farmed and farmed well."

"I knew Lew as an active worker in the UFA. In Vulcan he was well known for the active interest he took in social and community life. Every person who knew Lew Seaman found him to be a most honorable citizen."

"This book covers the period of history in which Mr. Seaman lived. Most of us are familiar with the leading events of that time but it remains for the 'American Chronicle' to set forth many of the details that have a great influence on present day events."

## Over 1 1/2 Inches Monday

### Timely Weekend Rains Improve Crop Conditions

Weekend rains throughout this part of the province were very timely and welcome. A light but steady rain for several hours Saturday afternoon brought .19 of an inch of moisture, according to the rain gauge kept by Errett King, and varied somewhat throughout other parts of the district.

Sunday was warm and cloudy and a heavy downpour set in about four o'clock Monday morning and continued steadily until late afternoon. In town, this rain amounted to 1.39 inches in a twelve-hour period and in other parts of the district, particularly north and east, amounted to well over two inches.

Crops are still somewhat late, but other than that conditions are excellent at the present time and prospects good.

### Young Couple Will Live In Vulcan

The First United church, Vermillion was the setting of a very pretty wedding on June 10 when Hilda Joyce Anderson, daughter of Mr. and Mrs. Harvey Anderson of Vermillion was united in marriage to Richard Carlton Hammer, only son of Mr. and Mrs. Louis Hammer of Vulcan. Rev. W. MacKay performed the ceremony.

The bride entered the church on the arm of her father to the strains of the wedding march played by Mr. John Hillcox.

The bride was lovely in a ballerina length gown of nylon tulle over a lace bodice and a cascade of yellow carnations tinged with pink. The little flower girl, Miss Arlene Ziegler of Viking, niece of the bride, wore a dress of pink nylon sheer with rosebud motif and carried a nosegay of deep red roses. A spray of apple blossoms completed her head dress.

The groom was attended by his brother, Mr. John Engen and the ushers were Mr. Ted Ziegler, brother-in-law of the bride and Mr. Robert Deitz of Milo.

Mrs. John S. Clarke was organist and during the signing of the register Mrs. A. L. Schrag sang "Because". The mother of the bride chose for the occasion a navy dress complimented by a cascade of tiny white carnations and red roses, while the mother of the groom wore a mauve nylon frock, grey striped taffeta collar and cuffs with mauve and white accessories, beautifully completed by a corsage of yellow tulle roses.

Following the wedding a reception was held in the Church Social room where the toast to the bride was proposed by Rev. Clarke and appropriately responded to by the groom. Mrs. Schrag again favored the guests with a solo, after which all were requested to sign the guest book.

Neighbors and friends were later received by the bride and groom at the home of the groom's parents.

For the wedding trip the bride chose a coral colored frock with white embroidered bead work on bodice and pockets, complimented by white accessories. Upon their return the young couple will reside in Vulcan.

Out of town guests included Mr. and Mrs. Alex Voy, Mr. and Mrs. Ted Ziegler, Arlene and Kenneth, all of Viking, Mr. and Mrs. Gordon Engen and family of Calgary, and Mr. and Mrs. Robert Deitz and Mr. and Mrs. Leonard Morseth of Milo.

Beneficial effects of rain are well known, but soil damage from the force of falling raindrops is often overlooked.

The weight of water falling on an acre of land in an inch of rain is nearly one hundred and ten tons, points out Frederick Bial, of the Swift Current Soil Research Laboratory, and the drops striking bare soil splash about 22.5 tons of clay or loam soil.

Water is as important as fertility for growing crops, so it is essential to hold it where it falls. Experiments at the laboratory, says Mr. Bial, show that an inch of rainfall on a bare clay or loam soil reduces the infiltration rate to approximately one-third of an inch an hour. If the rainfall is of greater intensity than this, the excess will become the run-off water. This run-off becomes very high during an intense rain and is capable of carrying a great load of soil with consequent severe erosion.

Nature's answer is a cushion of organic matter of plants or dead undecomposed plant material. This breaks the force of the falling rain drops and no soil is lost, but the water gently finds its way into the subsoil for storage and future use by growing crops.

The simplest way to save the soil and hold the rain where it falls, is to protect the surface of the soil from the force of the raindrops with a suitable plant or straw mulch cover. —Exch.

Value of milk dumped, as useless because it couldn't be delivered during the four-day strike of drivers in Toronto was figured at \$320,000.

### Miss May Voy Weds Victor A. Engen

An afternoon ceremony in the Vulcan United Church on June 19, 1954 united in marriage Miss Violet May Voy, daughter of Mr. and Mrs. Alex Voy of Viking, and Mr. Victor Arthur Engen, son of Mr. and Mrs. Arthur Engen of Vulcan.

Tall vases of mauve and white lilies banked the altar where the bride, given in marriage by her father, was lovely in white nylon and rose point lace poised over a tulle tulle. Her gown designed in a simple mode, was modified by a tulle jacket of tulle, and featured a shirred tulle bodice and ballerina length skirt with insets of scalloped rose point lace. From her dainty head dress of scalloped lace and tulle sprinkled with sequins cascaded a finely embroidered finger tip veil. She carried a white em beaded bible mounted by a white orchid and lily of the valley, with white ribbon streamers.

The bridesmaid, Miss Joyce Palmer, R.N., was gowned in white

nylon tulle over soft green taffeta sprinkled with daisies, and wore a green taffeta tricorne cap, completing her ensemble with white tulle mittens and a cascade bouquet of yellow carnations tinged with pink.

The little flower girl, Miss Arlene Ziegler of Viking, niece of the bride, wore a dress of pink nylon sheer with rosebud motif and carried a nosegay of deep red roses. A spray of apple blossoms completed her head dress.

The groom was attended by his brother, Mr. John Engen and the ushers were Mr. Ted Ziegler, brother-in-law of the bride and Mr. Robert Deitz of Milo.

## W.I. Conference

(Continued from Front Page)

Scoble, Champion by Mrs. Allison Barons by Mrs. Hobbs. Thigh Hill WI had sent no report in. Mrs. Maisey seconded that these reports be accepted. Carried.

Mrs. J. A. MacQuarrie appointed her committees as follows: Nomination, Mrs. Knudson, Champion, Mrs. Main, Kirkcaldy; Mrs. Bowie, Reid Hill, Resolutions; Mrs. Maisey, Kirkcaldy; Mrs. White, Good Deeds; Mrs. Mackay, Kirkcaldy; Courtesy, Mrs. Allison, Champion; Mrs. Fred Guttenberg, Thigh Hill; Mrs. Love, Reid Hill.

As Mrs. Heglund of Champion was unable to be present, Miss Ware of Kirkcaldy read the report of the Jolly Time Girls Club of Champion. No report from the Eusy-Bee's Girls' Club of Kirkcaldy was received. The Live Wire Boys' Club at Kirkcaldy is inactive at the present.

Standing committee reports were given as follows. Agriculture and Canadian Industries was given by Miss Nettie Ware of Kirkcaldy. Education by Mrs. Dennison, Good Deeds, Citizenship by Mrs. Shearer, Barons, Home Economics by Mrs. Sissons of Champion, Health by Mrs. Little of Champion and Handicraft by Mrs. Lyon, Barons. These reports were accepted and seconded.

Mrs. Ford told the members that the Constituency Conference was the most important conference, as it allowed the members to meet their officers. She suggested that the constituency convenor contact the standing committee conveners and together visit the other institutes.

A special number by Mrs. Kotkas of Barons was fully enjoyed. Corsages were presented to Mrs. Ford, Mrs. MacQuarrie, Mrs. Scoble and Mrs. Wiestra.

After a delicious dinner served by Barons, the hostess branch, Mrs. Lefried, president of the Alberta Women's Institute, and Mrs. Ford, brought greetings to the conference, these greetings to be carried to other conferences in district V.

Mrs. Kittas favored the conference with a solo "Bless This House".

Mrs. Lefried in her address stated that a standing committee on adult education is part of WI work, and it makes the WI unique in that respect. She urged each branch to take an interest in this work. The Home and Country, Federated News and Country Women are magazines that are a must if interested in the WI work. Mrs. Lefried urged the branches to get their choir organized for the next convention in May.

Dr. Hitchmanova of Greece reported that wool blankets and baby layettes were urgently needed in Greece. She will give an address and show pictures in Lethbridge at a later date.

Mrs. Lefried spoke briefly on the ACWW conference held in Toronto last August. She left this question in our minds: "What is the organization to what I belong to is contributing to world peace?"

Mrs. Ford in her address stressed to put first things first. She urged us to know our organization, its aims, purposes, what we have done, our problems, and future possibilities. Put our organization first, she said. Support the A WI fund which is the first project, and the Arthritis fund, a secondary project. There is a great need for an ACWW travelling fund of 25 cents per member, on a voluntary basis.

Mrs. Ford thought our Constituency lacked in publicity. All WI news should be on the radio and in the newspaper. Ex-teachers are greatly needed to alleviate the present shortage, and ex-teachers should be urged to return to their profession. Two new conveners, United Nations and Social Services are being added to the standing committees.

The programs entered into the program contest were judged by Mrs. Lefried and Mrs. Ford. Kirkcaldy W I won first prize and Barons W I the second prize.

Miss Elizabeth Bartman of Lethbridge, District Home Economist, judged the handicraft display. She remarked on the fine work and variety. In her opinion design, neatness and evenness of work were the main features. ### Progress Report Published

A progress report covering the years 1947 to 1952 inclusive has recently been published by the Experimental Station at Lethbridge. This publication lists experimental work and the results therefrom that has been completed by the Experimental Station at Lethbridge. There is a great deal of very useful information contained in this booklet and every farmer in the district would be well advised to obtain one and read the portion thoroughly which pertains to his particular type or types of farming. These reports may be obtained for the asking by contacting the Experimental Station. The phases of farming covered in this publication are Field Husbandry, Irrigation Investigations, Cereals, Horticulture, Forage Crops, Animal Husbandry and Poultry Husbandry, as well as an interesting section which deals with our unpredictable climate here in Southern Alberta.

The following information concerning 2-4-D is taken from the above mentioned Progress Report. The spring wheat crop is very susceptible to 2-4-D injury when in the two and three leaf stages of growth. Visible head injuries commonly result from treatments made at these growth stages, and some slight yield reduction is likely to occur.

Application of 2-4-D between the time a wheat crop reaches early boot through to the heading stage causes sterility in some of the florets. This sterility reduces crop yields and, in the Lethbridge tests, yield reductions up to 25 per cent have been recorded.

The 2-4-D amines have proved to be slightly less injurious to spring wheat than the 2-4-D esters at equal dosage rates. The choice of 2-4-D type will be governed by the weeds present, amines being preferred for susceptible weeds but esters being most useful for a mixed weed population of susceptible and partially resistant species.

### Schauermann - Lagore

Willie Marie Lagore, daughter of Mr. and Mrs. Earl Lagore of Stettler chose a floor length, white nylon net gown over satin for her marriage to Karl Schauermann, son of Mr. and Mrs. John Schauermann of Champion. A white nylon jacket topped the strapless bodice of her gown which flowed into a full pleated skirt. She wore a floor length veil falling from a tiny net ring. The dress was embroidered with seed pearls and her bouquet was of red roses. Mrs. Lois Fitzsimmons, sister of the bride, was the matron of honor and she wore a full length nylon net over mauve nylons tiers. This was topped with a short sleeve nylon jacket with Peter Pan collar. She carried yellow roses with mauve streamers.

Rev. A. E. Morrison was the officiating clergyman and Miss Ada

Lagore was the soloist, accompanied by Mrs. Chas Pinder at the organ. The Choir of which the bride had been a member, sang "O Perfect Love."

The bride, wearing pearl necklace and earrings, a gift of her parents, was given in marriage by her father and the guests were ushered to their places by Mr. G. Fitzsimmons. Mr. Wm. Jopling attended the groom.

A reception for 60 guests was held at the home of the bride's parents. The bride's table was centered with a three-tiered wedding cake. Rev. Morrison proposed the toast to the bride and the response was made by the groom. The bride chose a blue picnic suit to match the groom's for her traveling suit, accented with pink accessories, and the young couple left for Portland, Oregon, for their honeymoon. On their return they will make their home in Stettler.

## SERVICE BOARD NOTES

H. S. Burns, Field Supervisor

G. R. Sterling, Supervisor of Soil Conservation and Weed Control of the Alberta Dept. of Agriculture, advises farmers to watch their growing crops at the present time for the proper stage to use an application of 2, 4-D.

Wheat, Barley and Rye should not be treated until the 4 leaf stage, or approximately three weeks after emergence. Treatment may be done from the 4 leaf stage to the jointing stage, and be avoided from the shot blade to the flowering stage, and may be safely done after flowering until maturity.

Oats may be safely treated from the 3 to six leaf stage, the early shot blade stage (8-10) inches high to the early boot stage, and after the soft dough stage to maturity, but they should not be treated during the jointing or flowering stage.

In our area there is considerable weed growth in some crops and now seems to be about the right time to be applying 2,4-D to wheat.

We have recently received a booklet from Mr. Sterling, called Weed Control With Chemicals, which deals quite fully with this subject and can be obtained by calling at our office.

Friends of the district extend their sympathy to Mr. and Mrs. Robert Cutler on the death of the former's father, Leo Cutler who passed away at Travers. Funeral services were held Tuesday at Lethbridge.

## MILO

Lake MacGregor claimed another victim Sunday afternoon when Lona Grant, aged 16, daughter of Mr. and Mrs. E. Grant of Calgary, lost her life by drowning. Three girls, two sisters and a cousin took off the dam for a swim and not knowing the fact that there was a sharp drop in the short structure of the lake they were out in the water beyond their depth. The cousin reached the bank under her own power, however the sister Eunice Grant, aged 14 was pulled out of the water and saved by Bud Beckner of Arrowwood. Several local citizens tried to save the girl by diving to find her but to no avail. Hooks were made by local blacksmith Nels Munson and a group of boys, and in this manner the body was found some 1½ hours after she had slipped into the lake.

Artificial respiration was performed with K. Braham (the student minister here and also a fourth year medical student) directing. Constable Bentham of the RCM detachment at Gleichen and Dr. Mason of Bassano were called to the scene of the tragedy. Such deep sorrow to the remaining relatives and such a shock to this district; we wonder "Could this have been prevented?"

Another accident took place earlier in the week on the highway 1½ miles east of town when a car parked for a contractor here overturned his truck which was completely demolished. In this case the man, Camille Chavarie, was most fortunate for he suffered only a broken shoulder.

Members of the Lutheran church held their church picnic at the lake on Sunday.

Joyce Dishaw of Calgary visited with her parents over the weekend.

Haldor Thompson, Con Peterson and Mrs. Leslie Greaves and her mother Mrs. McFarlane of Saskatoon, Mrs. Sandy Henry entertained at afternoon tea on Wednesday. A contest, trying to drop beans in a milk bottle aroused some laughter during the afternoon and was won by Mrs. Winch and Mrs. Godkin after two tie-breakers both ended in a tie.

and Jimmie Peterson returned home Sunday evening.

Visiting with his grandmother, Mrs. L. Morseth and family is Jackie King of Vancouver.

Olie Morseth and Allan Robertson are on a week's trip to different points in Montana.

A speedy recovery is the wish of all the community to Mrs. Glen Dishaw who is again hospitalized in Vulcan.

Mr. and Mrs. Russel Glaze and family are away on their vacation. Mr. Tom Hayes of Choiceland, Sask. is relieving at the bank in the absence of Mr. Glaze.

Lyle Winch had the misfortune to be struck over the eye with a baseball bat while playing at school. Lyle was taken to Bassano where X-ray revealed nothing serious had resulted although the eye was badly bruised.

In a gesture of welcome home to Mrs. Leslie Greaves and her mother Mrs. McFarlane of Saskatoon, Mrs. Sandy Henry entertained at afternoon tea on Wednesday. A contest, trying to drop beans in a milk bottle aroused some laughter during the afternoon and was won by Mrs. Winch and Mrs. Godkin after two tie-breakers both ended in a tie.

A number of children from Majorville are taking part in the Salk test for Polio now under way in the province.

Mrs. M. Sires of Bellingham, Wash. and Mrs. H. Orsten of Camrose were recent visitors at the home of their brother-in-law and sister, Mr. and Mrs. Geo. Heather. Mrs. Sires will be joined by her husband this weekend at Enchant, where a family reunion and party is planned to celebrate their silver wedding anniversary at the home of Mr. and Mrs. Ottoson.

Little Peter Beckner, hunting eggs with brother John, toppled from the top of a feed stack, striking his forehead on a door. He was taken to Bassano where seven stitches were required to close the gash.

The Lutheran Ladies Aid held a farewell picnic at the lake on Sunday in honor of student minister and Mrs. W. Evanson who have been in charge of this district for the past year. Mr. Evanson's mother and sister were here from Minnesota and were in the congregation when he preached his farewell service. During the afternoon Mrs. Thompson presented the couple with a wool bed-throw from the Aid and Len Northcott presented a purse on behalf of the church members. Earlier in the days Mr. Evanson received a Siwash sweater from the members of the confirmation class. The sweater was knitted by Mrs. Nels Nelson and Marilyn Thompson made the presentation. The Evansons plan a trip to Banff and a day or two at the Calgary Stampede before returning to their home in Minnesota where Mr. Evanson will resume his studies for the ministry.

Mr. and Mrs. Bertschy were guests on Sunday at the home of their son-in-law and daughter, Mr. and Mrs. Tom Barr of Mossleigh.

Ever consider the Canadian dollar? It is rather a government document which states that the Bank of Canada, will pay to the bearer, on demand, \$1. It doesn't say payment will be in gold but in terms of itself in other words a Canadian dollar is worth a Canadian dollar.
